Re: Case Number 19-CV-6392 (BMC) (LB) & Claim File Number: 2020P1002840

Your Honor:

I received both their October 15<sup>th</sup> & 29<sup>th</sup> 2020 letters speaking of relying on their motion for summary judgment, Your Honor I object to the defendants request for a stay or motion for summary judgment, the defendants has failed to send plaintiff the officers information such as names, shield/license numbers for the sergeant, lieutenant, and officers in the photos, 79<sup>th</sup> Precinct's Employee Identification Number their working under, their hazard insurance bond numbers, etc.. Your Honor their asking plaintiff to provide them with information they already have counsel knows I didn't receive medical attention, so why ask the plaintiff for Medicaid and Medicare information, those accounts do not have anything to do with this case bottom line is that plaintiff do not have a valid contract with The New York City Police Department nor Kings County District Attorney Office or the New York State Department of Motor Vehicles for them to be taking plaintiff against plaintiff's will and plaintiff's property which 79<sup>th</sup> precinct took a photo copy of my car Title the case is over and plaintiff wants it back or a notice it was destroyed, the 79<sup>th</sup> precinct has been stalking plaintiff since the 02/09/2019 case and still are stalking plaintiff. Counsel has failed to provide plaintiff with information the court ordered on the conference call. Your Honor I object to counsel and defendants request for a motion for summary judgment. Your Honor in the interest of justice for their violations this case should go to trial because you have the officers body cam showing the opposite of my witness saw and I went through, something totally different than what the body cam is showing. The plaintiff knows the body cam has been altered because it's not showing everything that happened, so Your Honor, I object to the defendants motion for summary judgment.
